

fits **3/8"**
and **1/4"**
**Hex
Shanks**

Breakthrough Technology

The Bordo Power-Hex® system is the only universal adaptor that fits BOTH 3/8" AND 1/4" hex shanks. What's more . . . Power-Hex® fits both straight and power-grooved shanks.

No other Quick Change system is this versatile!

Make those change-overs quick and simple! with the Bordo Power-Hex® adaptor you can easily change many common power tool accessories in and out of your drill.

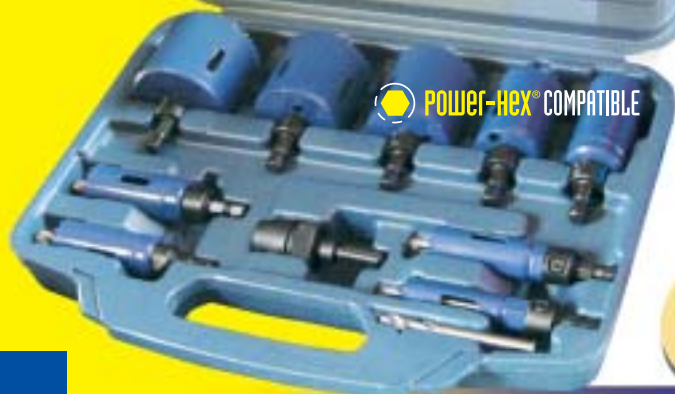

Use with hex shank screwdriver bits, spade bits, hole saws, drill bits, masonry bits, wood bits, etc.

Can be used with most brands of hex-shank power tool accessories.

Ideal for use with Bordo Blu-Mol hole saws fitted with Bordo Stub Mandrels – eliminating the need for constantly changing mandrels.

As with all Bordo products, our Power-Hex® Adaptor and Power-Hex® compatible products, reflect our "Quality without Compromise" promise and add to one of the most complete power tool accessory ranges in Australia.
